

EURid vzw (European Registry for Internet Domains) is the non-profit organisation appointed by the European Commission as the domain name registry that operates the .eu top-level domain and its variants in other scripts.

EURid works with more than 700 accredited registrars and provides support in all official EU languages. In a display of its engagement with the European community and stakeholders, EURid prides itself on not only providing its services in all 24 official languages, but also offering our top-level domains in three scripts: Latin (.eu), Cyrillic (.eю), and Greek (.εU). Through annual analysis of the internationalized domain name environment, we produce the [IDN World Report](#) in cooperation with UNESCO, Verisign, and the ccTLD regional organizations.

EURid has its headquarters in Diegem (Belgium), and regional offices in Pisa (Italy), Prague (Czech Republic) and Stockholm (Sweden).

EURid's operations are the most environmentally responsible of any registry in Europe, and is the first European registry to be registered by the EU Eco-Management and Audit Scheme (EMAS).

The  you can trust

EURid combats malicious registrations by actively screening newly registered domain names and works closely with law enforcement authorities to fight cybercrime. EURid follows the ISO 27001 security standard.
