

EURid is the not-for-profit organization appointed by the European Commission to operate the .eu , .eu (in Cyrillic) and .eu (in Greek) top-level domains. The .eu domain ranks among the ten largest top-level domains in the world and almost 4 million .eu names have been registered since the domain opened for registration in 2005.

Our mission is:

- to promote the .eu TLD across the European Union and the third countries;
- to organize, administer and manage the .eu TLD in the general public interest and ensure in all aspects of the administration and management of the .eu TLD, high quality, transparency, security, stability, predictability, reliability, accessibility, efficiency, non-discrimination, fair conditions of competition and consumer protection.

EURid is headquartered in Belgium (Diegem), and has satellite offices in the Czech Republic, Italy and Sweden. Our young organization employs people from all over the European Union and is the perfect arena for self-motivated professionals looking to be challenged and stimulated in their working environment.

Do you want to be part of the dynamic and multicultural team behind the .eu / .eu / .eu top-level domains? Then send your CV today!

For our technical department in the office in Diegem, we are currently looking for a:

Web developer

Description:
