*Cybersecurity
and .eu*

Our goal is to create the
most trustworthy and
secure online space for
our domain name
holders.

Giovanni Seppia,
External Relations Manager

Dear reader,

Welcome to our Spring 2018 edition of the .eu Illustrated, where we shed light on some of our domain name holders operating in the field of cybersecurity.

Through our anti-abusive registration tools, WHOIS quality, and collaboration with organisations like EUIPO and Europol, our goal as the registry for .eu and .europa domain names is to build the most trustworthy and secure online space for our domain name holders.

Learn more about our efforts at trust.eurid.eu.

Enjoy the read,

*Giovanni Seppia,
External Relations Manager*
