

Do you want to be part of the dynamic and multicultural team behind the .eu top level domain? Then send your CV today!

EURid is the organization appointed by the European Commission to operate the .eu top-level domain. The .eu domain ranks among the ten largest top-level domains in the world, connecting 500 million people in 31 countries to one Internet identity. Almost 4 million .eu names have been registered since the domain opened for registration in 2005.

EURid is headquartered in Belgium (Diegem), and has satellite offices in Sweden, the Czech Republic and Italy. Our young organization employs people from all over the European Union and is the perfect arena for self-motivated professionals looking to be challenged and stimulated in their working environment.

For our office in Diegem we are currently looking for a:

Junior Software Tester (m/f)

Description:

You will be a member of a dynamic team and responsible for writing test scenarios for in-house developed applications. Those applications include secure web based applications and business to business service APIs.

Your main tasks and responsibilities will include:

- Design and implement test scenarios and test project plans
- Write automated tests for REST APIs, XML based protocols and web applications.
- Closely collaborate with the application developers
- Identify, describe and report on defects

Profile:

- You have a bachelor degree in computer science or equivalent by experience
- You are interested in test methodologies and tools
- You are a team-worker and eager to learn
- You are fluent in English

Tools and technologies:

In the context of your work, you will familiarize yourself with:

- Continuous Integration technology
- Languages: Java, Python, JavaScript
- REST/JSON based web services
- XML based TCP services
- Relational and NO-SQL databases
- Atlassian tools (JIRA, Confluence, Bamboo, ...)
- Linux

What we offer:

EURid offers you a challenging job in a dynamic and international environment.
